

Axmouth Millennium Playground

This year has seen the loss of Judith Simpson, who was chair of the playground committee as she has moved out of the village. A group of parish councillors have taken over temporarily whilst looking for a new committee and chair.

During the year the playground was well used and tended by a cycle of helpers who mowed the grass, strimmed the banks and mended some of the wooden bark surrounds.

We intend to spend funding from S106 agreements, a sum of £3281, on renewing the swings for the under 5's which have started to rot at the base of the wooden legs and to replace the bark with rubber mulch which is far easier and cleaner to maintain.

Quotations have been gathered from two sources and a further meeting to agree the best value for money is planned very soon.

The playground will require a grant of £500 for 2015/16 to help towards the maintenance of the play equipment which is starting to show its age (15 years).
