

Village Hall Management committee

The village all has had a successful year, making £1,190 in excess of expenditure, placing it in a healthier position to commence further improvements in 2014/15. The balance at 31st March 2014 is £11,561.35.

Joint ventures with the Friends of Axmouth Church have been very profitable.

Wood panelling has been erected in the main hall and this will be continued into the small committee room by volunteers this year. The outbuildings will be re-painted this summer by a working party to smarten up the paintwork.

An upgrade of the kitchen is the main focus of improvement for 2014/15, hopefully with the help of a grant from EDDC plus match funding from fundraising and other sources.

The committee would like to thank everyone who attended or helped at their events last year.
